

Cabaña Renata

Mazamitla Jalisco !

A warm and inviting cabin interior. On the left, a large black wood-burning stove stands near a massive floor-to-ceiling window that offers a panoramic view of a dense forest. A telescope is positioned on a tripod in front of the window. The right wall is clad in horizontal wooden planks and features a mounted television. In the foreground, a dark wooden dining table is elegantly set with plates of food, glasses of wine, and several lit candles that cast a soft, warm glow. A geometric wireframe pendant light hangs from the ceiling.
